

## Becoming a Vendor

---

**Genesee Valley QuiltFest** is the largest quilt show in New York State run entirely by volunteers. Over 4000 visitors come to our bi-annual show located in the Gordon Field House on the campus of Rochester Institute of Technology. If you are in the patchwork and quilting business, QuiltFest offers the opportunity to sell your products, build brand awareness and meet your customers face-to-face.

Booths are 10 feet deep and 10 feet, 20 feet or 30 feet wide and include tables, chairs and electric. Pipe and drape will be placed on the perimeter of the booth space.

You will be listed on our website and in the show program. Advertisement in the show program is also available.
